ARIES500x500 2.9mm Pixel Pitch

Lightweight & Durable
The solid cabinet design protects these panels from the backside while still weighing less than our competitors

Easily Installed
Mounting points on the corners allow for easy installation on a wall or as a standalone product.

Top Quality Components
All of the components are top of the line. The same as you'd find in our more expensive panels.

Specifications

Pixel Pitch	**2.9mm**
Viewing Angle	H140/V140
Brightness- Nits	1200
Pixel Density / m²	112,896
Refresh Rate	≥3840Hz
Module Size (mm)	250x250
Module Pixels	84x84
Cabinet Pixels	168x168
Cabinet Size (mm)	500 x 500 x 41
Cabinet Weight (kgs/lbs)	12.7 / 28
Voltage	110/220 AC
Processing Depth	16
Max. Power Consumption	150
IP Grade Front/Rear	IP43
Serviceability	Front Only
Lifetime (Normal temp)	100,000 Hours
Average BTU	144.7 BTU/hour
